

Massage to alleviate the eye bag and crow's feet.

Sweep the skin from the corner of eyes towards the temples.

Eye

Achieve the face-lift result.

Sweep the skin from philtrum to cheek lymph

Nose

Tackle the problem of loose muscles of mastication.

Sweep the skin tenderly from the lower jaw to the lymph.

Lips

There are numerous subtle wrinkles on the forehead and skin.

Tightening helps to solve this problem. Massage the skin from the middle of the forehead to the surrounding skin.

Forehead

Neck plays an important role on the entire face-lift process.

Massage the neck slowly from the top to the bottom.
